EXPERIENCE

Freelance Designer & Developer, Junesforge — 2025 – PRESENT

Bengaluru

Providing services in design and applications - from posters and packaging design to websites and dashboards. Serving clients in India and beyond.

Graphic Designer, Mainframe Networks — 2025 · 3 MONTHS

Bengaluru

Performance marketing, packaging design, brand creation and positioning. Clients include GCC enterprise conferences (wellness, energy, governance), tech firms (Firepro, NoPo), and Cult.fit. Campaign work for an inclusivity marathon, and mental health services.

Software Engineer, Juniper Networks — 2019 – 2023

Bengaluru

Automation engineering. Built internal tools and dashboards used by ~450 network engineers, reducing week-long processes to hours. Developed a network-focused language model.

LEADERSHIP

Editor-in-Chief, MTTN — 2017 – 2019

Manipal

Managed a 150-person editorial team - writers, artists, photographers - across 22 colleges of Manipal University. Helped shape the organisation's editorial integrity, publishing discipline, and visual identity.

Design Head, Revels & TechTatva — 2017 – 2018

College Fests

Brand and identity for Manipal's flagship college festivals, including the main event logos.
